Getting Started

Step 1:

Find your vagus nerve

- After downloading the app, use 2 fingers to locate your vagus nerve.
- It is in the same place as your pulse on either side of the neck.

Step 2:

Prepare your Truvaga

- Turn on your Truvaga Plus and open the Truvaga Plus app.
- Choose 'START A SESSION' on the home screen, then select a session type.
- Spray 1-2 pumps of the Truvaga-supplied spray gel on your neck where you found your vagus nerve.

Step 3:

Start your session

- Place Truvaga on your neck.
- Using the app, increase intensity until you feel a strong tingling sensation.
- Hold Truvaga in place until it beeps twice, indicating your session is complete.

Recommended usage

2X a day, or as often as needed.
